## Another Bonation.

Geo. Peabody has donated to the trustees of Washington College \$60,000 recently proposed by the President of the college, Gen. Lee. Mr. Penbody's Governor Senter as a sound and reliahealth is improved so much he is able to dine at the hotel table. As he appeared the crowd gathered around him on his convalescence.

## Southern Bonds.

The Louisville Courier-Journal's The Leuisville Courier-Journal's New York dispatch, of the 16th inst. says: "Southern State bonds were decidedly better, especially New Tennessee and North Carolina. The former improves on reports that the repudiation party is not as strong as was feared.

WENDELL PHILIPS'S sore headed paper, the Anti-Slavery Standard, is terribly afraid Andrew Johnson will be sent to the United States Senate from this State.

There need be no fear that the State ciebt of Tennessee will be repudiated. Much of that debt is dishonest, contracted by irresponsible parties, but it is a thousand times better for Tennessee to pay a dishonest debt than to have her name associated in any manner with repudiation.

The Nashville Banner and the Memphis Avalanche are trying to raise a Liberal party. These journals, with Whig and Democratic records, respectively, unite in denouncing the Democratic party with all manner of opprobrious epithets. They say that that organization smells of secession, treason, etc., etc., cte. Well, then, why peace and constitutional government, were marshaled under its banners. But neither the Whig party nor the Liberal party, recently called from the vasty deep by the Banner, would extend its name beyond the limits of the State. After it left the beach of State and plunged into the ocean of national politics, it would be compelled to get on a Radical or a Democratic craft. If the old Line Whigs, as they call themselves, who now are in the ascendency in the State, do not like the rame of Democrat, let them call themselves anything, so that they keep clear of Radicalism. We are opposed to the Radical party, past, present and future.

# Shall There be a Convention?

From the Knoxville Press and Herald. Before the election, we supposed that one of the main objects of the election of Senter and a Legislature in accordance with his views on the suffrage question, was to secure the calling of a convention to amend our constitution and purge it from the vindictive clauses added while the passions excited by the war were still raging.

The canvass has developed so many things calculated to excite astonishment that we are scarcely capable of wondering at anything more; but, calloused as we have been by frequent and startling sensations, it is impossibe not ber 11-16. to entertain a feeling of mild surprise 11-16. to find a movement going on in some parts of the State in opposition to a 24. convention. The Nashville Banner on Thursday printed a communication, whose author it endorses as "an old and respected citizen of West! Tennesvee," disapproving the proposed convention, on the ground that it was not

The Avalanche and other papers of the western division, are urgent for the calling of a convention. While it seems to us from our present lights that of Government and Royal streets, gotthe legitimate results of the election ten up in honor of the election of Buck, can only be obtained by a convention, intention of the negroes, for a short and that if the fears we have indicated above are well founded (which we do of them armed with muskets, marched not believe), then the policy of enfranchisement was a dangerous experiment (which is untrue), and we agree with the Bauner that the people should give the subject their sagest reflection, and discuss it freely and dispassionately among themselves. The members of the Legislature will have ample time. before the assembling of the houses, to canvass these matters thoroughly among their constituents. It is all important that there should be no mistake, and no matter what the party predilections of any of us may have been in the past, or may possibly be in welfare and prosperity of Tennessee.

## BROWNLOW.

He Writes another Letter-Impolicy of Removing Office-Holders who Voted for Senter.

The Knoxville Whig says the following letter was sent to the Washington Chronicle, but as it has not appeared in that paper "the inference is that its publication has been declined," and adds; "This inference is strengthened by the fact that Senator Brownlow's etter addressed to the colored men was forwarded to that office with a like request, which was not complied with."

KNOXVILLE TENN., Aug. 10. 1860.

—To the Editor of the Washington Chronicle—Sir: I wish to say a few words through your journal to the Republicans of the nation, generally, and also to the President and his cabinet particularly, touching the late Tennessee

Governor of Tennessee, by a majority ranging from sixty to seventy thousand having carried East Middle and West Tennessee, the three grand divisions of the State. There were many fraudulent votes cast, I have no doubt; but to establish additional professorships the majority is quite too large to be set to the account of fraudulent votes. I again take occasion to endorse

ble Republican, the charge of his enemies to the contrary notwithstanding. The legislature, though not Republican, is not Democratic, and therefore with demonstrations of congratulation | will not elect Andrew Johnson to the Senate, but will fall back upon such Conservative, old-line Whig as Governor Neill S. Brown or Bailie Peyton; and, in my judgement, will adopt the

said by their friends, will proceed at once to Washington to have all federal officers in Tennessee who voted for Senter instantly removed and Stokes Republicans appointed in their places. Thousands of as good Republicans as l'ennessee affords voted for Senter as a Republican candidate; and to-day a majority of the Republicans of Tennessee are Senter men. They have never sent delegations to Washington to in-voke the aid of the administration in the contest, and they will not do so now even for the sake of continuing their friends in office. I write in no spirit of dictation; but in that of friendly cautionary advice. We think, here in Tennessee, that it was quite enough for members of the cabinet to send electioneer ing letters during the canvas-declaring their preference for Stokes; and now, to turn Republicans out of office for daring to vote for Senter as their choice of the two Republican candidates for Governor will look to us from our standpoint very much like bringing the patronage of the government into conflict with "the freedom of elections." We think here, that no competent and honest man should be removed from office because he voted for Senter or Stokes, both being Republicans, and we shall be greatly disappointed if the Republi-can party of the whole nation do not have any name at all? As for us, we would not object to the name of Whig, if all the people in the United States opposed to Radicalism, and in favor of plied as in the removal of States. sed to Radicalism, and in favor of plied as in the removal of Stokes Republicans or any other Republicans; i. c. that they shall only be removed

> In conclusion, I am not by any means alone in the holding and expressing of these views; and, further, in uttering the additional opinion, that the administration should make haste slowly, to drive from its support a majoity of the Republicans of Tennessee, by pursuing the proscriptive policy which will be urged opon it by Stokes, Butler, and a few disappointed politicians. I am very respecfully, your obedient servent, W. G. BROWNLOW.

## RIOTIN MOBILE. Three Killed and Eleven Wounded.

From the Mobile Register, August 6. During the whole of yesterday rumors were in circulation on the streets that the negroes intended, at the meeting to come off in the evening at the corner to create a riot. This seemed to be the intention of the negroes, for a short wherein the writer says we entertain time before eight o'clock a large number a shrewd suspicion that the best thing that Chain can do is to close with Amer. in procession to the corner of Royal and Government streets, Upon their attention being called to the fact, Buck and Hurter took the muskets away

Others followed him, and about 10 o'clock, while H. the future, our present interests is the Ray Myers was speaking, a white man in the crowd cried out, "Hurrah for Mann." A crowd of excited negroes pressed upon him, cheering for Buck. At this juncture a pistol was fired in the air, causing great excitement and commotion. # A LIFE FOR A BALLOT.

Cold-blooded Murder of an Inoffen sive Citizen Because he Voted for Senter.

One of Stokes' Leading Sup From the Nashville Ba A lady who arrived in the city yester-day from DeKalb county gives the following particulars of a terrible affair which has naturally caused intense excitement in that section:

Last Friday evening, not long before sundown, Captain W. L. Hathaway and Mr. Henry Frazier left Smithville for the house of a man named Bradford, about four miles distant. On the way, no hostile feeling was exhibited by Hathaway towards his companion, who was regarded as one of the quietest GROVER & BAKER and most inoffensive citizens in D
Kalb county. After reaching Brad
ford's a glass or so of cider was indulged
in, when some remarks were made a
to the result of the recent election
Hathaway who supported Soutes are Hathaway, who supported Senter and the May Convention, but afterwards went over to Stokes, soon become very intemperate in his language, and said that "any man who voted for Senter that "any man who voted for Senter was a G—d d—d rascal, and that he could whip any G—d d—d scoundrel who did vote for Senter." Mr. Frazier quietly replied, "I don't believe you can." Hathaway immediately put his hand behind him, and was in the act of drawing his pistol, when he was seized by Barton, while James Williams, the Sheriff of the county, who was present, held Mr. Frazier, although the latter was unarmed and made no

the latter was unarmed and made no movement whatever. Just at this moment George Hathaway, a brother of Captain Hathaway, came up and pushed Barton rupely aside, saying to his brother—"Now, shoot the G—d d—d rascal, if you want to." Captain Hathaway at once fired on Mr. Frazier, who was still in the grasp of the Sher-ift. Two shots took effect, one in Mr. Frazier's side and one in his heart. He fell to the earth and did not live more than two minutes. No effort was made by the Sheriff to arrest either of the murderers. Geo. Hathaway was subsequent'y apprehended by a posse of citizens but his still more guilty brother had not been found at last counts, although a dilligent search was being made for him. We devoutly hope that the dastardly and coldblooded assassin will be brought to justice. A ruffian and a bully by instinct, he has kept around him since the war a band of desperadoes who have been the terror of the peaceable and order-loving citizens among whom they dwell. It has been a mystery to us how his murderous band could have ruled there so long. Although ever armed to the teeth, Hathaway, like all cowards, has never sought to vent his infernal fury except on the unarmed and defence less. He knew that Mr. Frazier had no weapon, and was not anticipating any collision. Aided directly by his brother, who was of the same stripe

and indirectly by the Sheriff, who thus wantonly violated the laws he had

been elected to enforce, the deed was

easy of accomplishment. But the blood of the victim so foully sacrificed

WIRE CLOTRES LINES.

J. A. BAILEY.

PATENT METALIC WHITE WIRE

And all other Cities in the North, Ecast and West. Also, with the U. S. MAIL LINE STEAMERS, arriving at Cincinnati next morning in time to take early Trains East. Being manufactured in such a manner, with a white metalic substance, it is prevented from ever corroding or changing from its beautiful white color, in any number of years of time. It is neather affected by different temperature of climate, nor by changes of atmosphere, and firmly holds its uniform color through the severest frost and inclement weather. By experiment, the utility of the line has been found the only article which is free from the great annoyance occurring from the old fashioned Rope lines, which are continually rotting and breaking ing down, soiling and discoloring clothes. By using the wire clothes line all trouble is avoided, as you are never obliged to take them down after they are put up as they can be left out in all sorts of weather.

The durability of the line is one of the greatest consideratians, as it will last from there to have after they are put up as they can be left out in all sorts of weather.
